wilkins is a concept artist and illustrator who has worked on games like lawbreakers black ops 3 injustice 2 and league of legends The Variety of Life: A Survey and a Celebration of All the Creatures that Have Ever Lived:

1 of 1 review helpful Everything but the kitchen sink By Laurence Chalem Hands down my favorite book and you can buy it used but in good condition for under ten dollars THE VARIETY OF LIFE is just what it says In mostly two parts Colin Tudge bravely presents all of the known taxa in book form Part one serves as a good introduction and part three is a short conclusion with its necessary warning to fellow H sapiens n Here between the covers of one capacious book is an illustrated summary of all the creatures that have ever lived a vast compendium of earth s current and former inhabitants in all their dazzling and infinite diversity Colin Tudge argues that we are entering a new phase of biology in which for the first time biologists are achieving profound insight into life s true diversity and developing the tools to keep track of it The Variety of Life heralds th com It takes a brave writer to tackle the truly Herculean task of describing The Variety of Life with the astronomical numbers of organisms living today let alone all those that have fallen by the wayside over the billions of years of life on Earth N
