0 of 0 review helpful fast By Audrey very comfortable and very fine very nice For the affordable price has a fine
sharpness and durability to it OK my brother need so cool product From the back cover Interest in marine mammals
has increased greatly in recent years as our knowledge of them has grown In particular the large cetacean brain and the
supposed superior intelligence of marine mammals over other animals in conjunction with their obvious diving and
swimming abilities have made them fascinating creatures to study Public involvement in the effort to conserve them
from hunting by man and newly discovered ways of catching and maintainin
