By Matti Häyry : Rationality and the Genetic Challenge: Making People Better? (Cambridge Law, Medicine and Ethics) applied ethics under what conditions is an abortion morally permissible does a citizen have a moral obligation to actively participate perhaps by voting in the making better choices about future technologies that are being researched or developed is an important motivator behind lay ethics interventions however in practice Rationality and the Genetic Challenge: Making People Better? (Cambridge Law, Medicine and Ethics):

Should we make people healthier smarter and longer lived if genetic and medical advances enable us to do so Matti Häyry asks this question in the context of genetic testing and selection cloning and stem cell research gene therapies and enhancements The ethical questions explored include parental responsibility the use of people as means the role of hope and fear in risk assessment and the dignity and meaning of life Taking as a starting point the argument This book thoughtfully presents work by major authors along the entire ideological spectrum The coherent analysis and fair presentation of each thinker s case for and against genetic procedures testing and research show how notions of God community age
