From Springer : Tilapias: Biology and Exploitation (Fish & Fisheries Series) Tilapias: Biology and Exploitation (Fish & Fisheries Series):

Referred to in the Bible pictured on the wall friezes of ancient Egyptian tombs and a subject of fascination for

generations of scientists the tilapias Cichlidae Tilapiini have featured in the diet and culture of humankind for thousands of years The present century has seen their spread from Africa throughout the tropics and sub tropics largely for food and fisheries purposes This book attempts to pull together our knowledge of this important group
