By James P. McVey : CRC Handbook of Mariculture, Volume I: Crustacean Aquaculture, Second Edition (v. 1)
1) CRC Handbook of Mariculture, Volume I: Crustacean Aquaculture, Second Edition (v. 1):

The Second Edition of the CRC Handbook of Mariculture provides an extensive comparison of marine shrimp culture techniques from around the world. This extensively revised and updated Second Edition focuses on growout systems that have contributed to the production success of shrimp farms and systems worldwide. Topics covered include methods for the culture and preparation of algae, rotifers, Artemia, and other foodstuffs for use in crustacean farms; recent developmen
