By Richard C. Murphy : Coral Reefs: Cities Under the Sea (Casebound hardback) Coral Reefs: Cities Under the Sea (Casebound hardback):

1 of 1 review helpful Enchanting introduction to coral reefs with wonderful pictures By Thooz Murphy s snapshot of life in coral reefs organized in chapters with such titles as Public Health Advertising and Personal Lives in keeping with presenting the reef as a city is easy to follow and fascinating It is a great book for those unfamiliar with reefs who desire a clear introduction to for instance the symbio The most fascinating aspects of coral reefs relate to how corals and reef residents meet the challenges of survival and live together The focus of this book is on how a coral reef functions the jobs of individual residents and how they collectively create a sustainable community The author explores how solar energy powers the reef how raw materials are used efficiently and waste is recycled why biodiversity is security and how everything is connected There are a dazzles his audience with the fascinating world of the coral reef conveyed eloquently with words and images Jean Michel Cousteau President Ocean Futures Society so brilliantly beautiful and informative One only wishes for scu
