By Colin D. MacLeod : An Introduction To Using GIS In Marine Biology (Psls) An Introduction To Using GIS In Marine Biology (Psls):

This book provides a user friendly and practical introduction to the use of Geographic Information Systems GIS in marine biology Unlike most other books about using GIS this information is specifically presented in a marine biological context It is divided into three sections The first section provides just enough background information to allow you to get started with GIS without getting too bogged down in the theory behind it or making some of the m About the Author Dr Colin D MacLeod has twenty years experience as a marine biologist working with whales and dolphins seabirds and squid He has also spent over a decade working with geographic information systems GIS and teaching marine biologists and eco
