By Alan Jamieson : The Hadal Zone: Life in the Deepest Oceans ecology of deep oceans hadal trenches alan j jamieson university of aberdeen newburgh aberdeenshire uk published online october 2011 doi 101002 the deep sea and marine biology marinebioorg The Hadal Zone: Life in the Deepest Oceans:

The hadal zone represents one of the last great frontiers in marine science accounting for 45 of the total ocean depth range Despite very little research effort since the 1950s the last ten years has seen a renaissance in hadal exploration

almost certainly as a result of technological advances that have made this otherwise largely inaccessible frontier a viable subject for research Providing an overview of the geology involved in trench formation the hydrography The most comprehensive book yet written on the mysteries of the ocean s deepest places written by one of its best explorers James Cameron film director film producer and deep sea explorer Marine scientist Alan Jamieson knows this mysterious
