**From John M Melack : Saline Lakes: Publications from the 7th International Conference on Salt Lakes, held in Death Valley National Park, California, U.S.A., September 1999 (Developments in Hydrobiology)** Saline Lakes: Publications from the 7th International Conference on Salt Lakes, held in Death Valley National Park, California, U.S.A., September 1999 (Developments in Hydrobiology):

Inland saline waters are threatened worldwide by diversion and pollution of their inflows introductions of exotic species and economic development of these ecologically valuable habitats Since 1979 a series of international symposia on inland saline waters has served to strengthen and expand the scope of limnological research on inland saline waters The seventh conference continued this tradition and the papers derived from the conference focused on

the ecology of mic
