0 of 0 review helpful Maryland has turned out more than a fair share of fine writers and works By David Kraut For such a small state Maryland has turned out more than a fair share of fine writers and works Just in my lifetime we have seen the postwar work of Katherine Anne Porter and James M Caan the great post modernist John Barth the seminal naturalist warnings of Rachel Carson the techno pop thrillers of Tom Clanc An exploration of Bay heritage and recipes This collection of cherished and award winning recipes is accompanied by tales of Maryland s seafood industry one of the oldest industries in the nation In addition to 18 crab cake variations this book features appetizers soups sandwiches entrees and even breakfast and desserts The dishes have been provided by residents old and new and chefs who have a special affinity for the blue crabs of the Northeast Also include From the Inside Flap The Chesapeake Bay is the largest

estuary in the United States and home to about 350 species of fish and shellfish The blue crab is probably the best known of these This savory journey through Maryland s blue crab culture includes a colle
