By April Chloe Terrazas : Marine Biology (Super Smart Science) verified book library marine biology super smart science summary epub books marine biology super smart science buy marine biology super smart science take a dive into the beautiful and immense sea discover the creatures of the ocean admire the amazing color spectrum of the coral reef learn the composition of Marine Biology (Super Smart Science):

0 of 0 review helpful Great intro for young children By Kindle Customer Kat This is a great introduction to Marine

Biology My kids are 3 and 5 I began with a 4 star rating but changed it to 5 as I realized that the shortcomings are also pros in some ways and the book definitely accomplishes exactly what it s intended to do My 5 year old was able to go on and on about other details about the animals and plankton just fr Take a dive into the beautiful and immense sea Discover the creatures of the ocean admire the amazing color spectrum of the coral reef learn the composition of ocean water and more Kids of all ages enjoy learning new vocabulary accompanied by phonics assistance the sound it out feature that is color coded to match the illustration The Super Smart Science Series brings joy to learning with candy colored illustrations that engage readers of all ages About the Author April Chloe Terrazas is a creative scientist She received her Bachelor s in Science from nbsp The University of Texas at Austin nbsp and has since launched nbsp Crazy Brainz Publishing which produces the Super Smart Science Series
